Hello Everyone!

December and winter is upon us. I am sure by now that everyone is finishing up their last minute Christmas presents. I am always a late bloomer for that one.

Unfortunately the 2021 year will begin with us missing two of our members. We will miss Darlene and Sharon tons.

We are all in hopes that with the 2021 year will also bring us back together again to meet in person. I have to admit Covid really sucks. This is taking a toll on all of us. A new way of life that is not always greeted with smiles.

I am sure we will all continue to roll with the punches and do the best we can under any circumstances. Our LAP group donated many quilts and doll quilts this year. Never underestimate the power of our group to step forward and do whatever we can to help other people.

I would like to wish everybody a very Merry Christmas and Happy New Year. Here's to 2021 being a much better year for everyone. Take care and Be Safe.

Sincerely yours,  
Sandra Guild
